You could be America’s Next Top Young Entrepreneur!

View student success stories and more at yeausa.org

The Young Entrepreneurs Academy teaches kids how to turn their passions, skills and talents into great ideas. YEA! provides kids the instruction on how to pitch that idea and get real funding. YEA! teaches what steps to take and how to launch a real business. You will graduate YEA! as the CEO of your own, real, legally registered business.

Rachel Zietz
15 years old

“I am a lacrosse player. In YEA! I learned how to take my love of lacrosse and improve the game with my own line of lacrosse re-bounders and goals. I got real funding and launched Gladiator Lacrosse in YEA!. Two years later I have passed the million dollar mark in sales, and pitched to the “sharks” on ABC TV’s Shark Tank!”

I think you have the determination and creativity to succeed in YEA!

Apply online by August 30, and learn more about the program, by visiting maconchamber.com. All children, grandchildren, nieces and nephews of Mercer University faculty, staff and alumni will receive a $50 Tuition Discount!
